| Our cleaning charges are based on the area to be cleaned and we charge \$.65 per square foot. On average, a basic bedroom has around 100 square feet of cleanable space, which means the area that is not covered by a bed, dresser, or any other immovable furniture. However, please note that this is just an average and the actual charges may vary based on the size of the room. If the room is smaller than 100 square feet or larger than 100 square feet, you will be charged based on the actual area to be cleaned |       |            |          |
| Price includes vacuuming (as needed), light spot removal, pre-treat, and standard deodorizer/sanitizer. Additional charge for pet stain treatment, please select as Add-On below. Once we've been able to survey the rooms, we will be sure to let you know if any additional fees apply before cleaning begins.                                                                                                                                                                                                               |       |            |          |
